Description

The mid-sized FastTrac six feet wide trailer is a great all-purpose cargo hauler, no matter what you need to transport. Get your cargo to the destination safely on spring suspension axles and 14 inch radial tires. The 12-volt dome light, side entry door, and optional rear ramp door make unloading easy and convenient whether you're working at a jobsite or moving furniture. Add in the reliability of an undercoated plywood floor and tubular steel main rails, and there's no question that you'll be using your FastTrac six feet wide for years to come.
